

YOKE WIDE BODY SHACKLES

⇒ Forged Alloy Wide Body Shackles

- Shackles are forged from alloy steel with alloy pin
- Size and WLL permanently shown on each shackle
- Batch code for tractability
- Tagged with industry quarterly colour coded inspection tags

Dynamic Rigging Hire carry sets of Yoke wide body shackles, generally used to increase the D/d ration on wire or synthetic slings or where smaller pin diameter is needed .

We also stock Van Beest sling saver shackles from 40t through to 250t in all the sizes.
